

- Eagle appraisal letters should be mailed to Mr. Campana, using the Orange County Council confidential appraisal form. These are not needed to "stop the clock" but are needed before the District Board can be scheduled.
- No religious reference? On the Eagle application, list parents on the line for religious reference, since it was their parents' responsibility to expose them to religion. Scouts have the option of writing a "Statement of Religious Belief."
- All requirements for the Eagle rank must be completed, including the Scoutmaster Conference, no later than the day before the Scout's 18th birthday. The Scoutmaster Conference "stops the clock", assuming all requirements are completed.
- Questions from parents and leaders are always welcomed, but they should be for informational purposes only.
- All forms are available on the Orange County Council website:

District Board of Review: Mr. Jeff Campana (949-302-1050)

- Mr. Campana will schedule the District Eagle Board of Review and select board members. Scouts do not have the option of inviting specific adults.
- The Board of Review cannot be scheduled until the Eagle application has been approved by Orange County Council and all appraisal letters are received.
- Help us manage the expectations of Scouts and their parents. It takes 4-5 weeks to process the application at Orange County Council, collect appraisal letters, schedule board members, and reserve a meeting room. Several Scouts have tried to "jump the line" and I don't think this is very Scout-like.
- We want the district board to be a positive experience for the Scout. Please let me know ahead of time if the Scout has medical or learning disabilities. This will allow me to select appropriate adults for the board of review. Also, consider holding a mock board if the Scout is shy or uncomfortable speaking with adults.
